

CMT™

CMT - 1325 CNC ROUTER CUTTING MACHINE

ADVANTAGES

1. Five axis linkage, Side rail positioning
2. Professional for outdoor and indoor quality advertising letters ,signs and lamp house ,like LED aluminum letters, metal letters, trimless letters, the resin luminous letters.
3. Smooth and delicate cutting, low noise, stable performance.
4. One button operation and cost-effective, is your first choice of economical and practical device .

Applicable industries : Sign making / neon lamp grooves, cutting large characters, mould making, etc.

MACHINE PARAMETERS

Table surface	: Aluminium	Drive motor	: Stepper motor
Body Structure	: Steel structure	Spindle power	: 3KW
Machine Weight	: 1500 Kg	Inverter	: 3KW BSD
Max. Power	: 1.84KW	Command	: G-code*.u00*.mmg*.plt
Max.Rapid travel rate	: 15000mm/min	Working voltage	: AC220V/ Single phase / 50Hz
Max.working speed	: 10000mm/min	Application material	: MDF, PVC, Acrylic sheet, ACP
